

REMARKS

The allowability of claims 1 - 20 is acknowledged appreciatively and accepted, except for claim 3, which is cancelled.

Non-narrowing amendments are made to claims 1, 10, 11, 14, 19 and 20 above to attend to their rejections under 35 USC 112 without invoking Festo-like limitations even though in response to a statutory requirement. The second brake surface now explicit in claim 1 was previously implicit as shown by the corresponding portion of the statutory requirement. The antecedent for "said arm axis" in claim 19 is in its parent claim 7.

Reconsideration and allowance are, therefore, requested.

Respectfully submitted,

---
